JOOST VOSSERS

MSC ARTIFICIAL INTELLIGENCE

I'm an aspiring academic in the field of Artificial Intelligence (AI) and I aim to work on the **responsible use of AI**. I want to help develop technologies that are accessible and safe to use for everyone, regardless of background. Additionally, I enjoy studying and discussing the ethical and societal impact of (AI) technologies.

EDUCATION

2022 - 2024
M.Sc. Artificial Intelligence
Umeå University – Umeå, Sweden

Dissertation: *Anticipating the Unanticipated: Exploring Explainability in Mixed-Initiative Human-Autonomy Cooperation through Anticipatory Information Pushing*
Supervisor: Leila Methnani

2018 - 2022
B.Sc. Artificial Intelligence
Radboud University – Nijmegen, the Netherlands

Dissertation: *Gamification of Data Collection: A Comparison between Credit Scoring in the USA and China*
Supervisor: Olivia Guest

CERTIFICATES

2017
Certificate in Advanced English (Cambridge CAE)

EXPERIENCE

Dec 2024 - Current
AI Specialist & Head of IT Department
Stichting Privacyzorg – Nijmegen, the Netherlands

Feb 2021 – Jul 2022
Student Research Assistant at the Centre of Language Studies
Radboud University – Nijmegen, the Netherlands

Apr 2022 – Jul 2022
Teaching Assistant for the course AI as a Science
Radboud University – Nijmegen, the Netherlands

VOLUNTEERING

Jun 2024
Student Volunteer at the Hybrid Human AI (HHAI) Conference
Malmö, Sweden
